***"A child looks up at the stars and wonders ,
Great fathers put the child on their shoulders and help him grab the star. "***

Children's Day is a reminder that every child deserves education, nurturing and the best of everything. They are the building blocks of the nation and hence, the future of the nation depends how well they are brought up. Parents are equal partners in the overall holistic development of their wards along with teachers and the school. Keeping this in mind, fathers of Class 3 were invited to the school to make learning a joyful activity for the children. Fathers narrated stories, enacted some characters, organised quiz, indoor games, etc. Students were very excited and participated in these activities with full enthusiasm. Overall it was a fun filled interaction with the kids and they were thrilled to see their fathers coming to the classroom to deliver valuable skills"
