

## **ORIENTATION PROGRAMME FOR CLASS X**

**DATE : 7 DECEMBER 2019**

**VENUE : ITL PUBLIC SCHOOL**

**ORGANISED BY : ITL PUBLIC SCHOOL**

**CONDUCTED BY : MS. SUDHA ACHARYA & MR. MUKESH KOHLI**

**ATTENDED BY : STUDENTS & PARENTS OF CLASS X**

**“Even if things don’t unfold the way you expected, don’t be disheartened or give up. One who continues to advance will win in the end.”**

Exploring career options is an important step on the road to adulthood. The subject stream that students take in high school affect the choices they have when applying for college, which in turn affects the career, they embark on. Having an idea of where they want to be in the next five to ten years will get them started in the right direction and the mentors play a pivotal role in the students’ life as their career partners.

In order to facilitate students of Class X and their parents to take a well informed decision at this crucial juncture of life, the school organized an Orientation Programme for Stream Selection in Class XI on 7 December 2019. The very dynamic and sagacious school Principal, Ms. Sudha Acharya conducted the expert session and gave valuable guidance to students and their parents. Enunciating on the global veterans like Jachma, Simon Sinek, Nelson Mandela & Satya Nadella, she emphasised the spirit to “MOVE ON” in life & accept the challenges, success & failure as learning experiences. Highlighting the need to be a good human being, she implored the students to make good choices today so that they don’t regret tomorrow.

She not only spoke about the conventional career choices but also emphasised upon the unconventional subject combinations offered by the school so that there is a scope to diversify later in life.

The session was followed by an interactive talk by Mr. Mukesh Kohli, a core physical educationalist & a sports leader on the Topic “Role of Physical Education in uplifting Students’ Performance & Productivity.” He took everyone by surprise as he gave an elaborate insight into diverse careers in the field of Sports.

Parents also seemed to have done an extensive research on the subject and queried Principal Ms. Acharya about the scope of various subject combinations. The anxiety of parents and students was quite understandable. After all students are the CEO of their lives and they need to develop life strategies for long-term and short-term goals to excel in life.
