

REPORT ON ONLINE PHOTOGRAPHY COMPETITION

THEME: CAPTURING THE BEAUTY IN STILLNESS

CLASS: VI- XII

MONTH: APRIL

DATE: 26 April to 1 May 2020.

ATTENDED BY: Classes VI-XII and Teachers

"We are making photographs to understand what our lives mean to us."

- Ralph Hattersley

The students of class **VI to XII** and teachers of **ITL Public School** participated in an Online Photography Competition organized by the **School Photography Club- Pixeleens** from 26 April to 1 May 2020.

The **Theme of the Competition - Capturing Beauty in Stillness**, is related to the present day scenario of the lockdown, where students and teachers could engage in skillful and creative activities.

With an enthusiastic bunch of participants, **the Club received about 200 entries** under the categories of Shadow, Lines/Patterns, Portrait (Coloured or Monochrome), Objects and Skyline.

The contest was to inspire the photographer in you, regardless of age or skill level. Photography ranging from capturing the skyline or sunset to monochromatic themes to Smartphone-centric snap fests; reflected the passion, interest and creativity of participants. The challenge to photographers is to be creative during these isolation times and come up with a remote photo shoot concept. With the photographic medium, the competition was judged on the individual ways of observing the surroundings and also the talent, dedication and creativity needed to frame it. Many entries were eye catching and innovative, the best among those were felicitated and the **results of the Competition were announced on 6 May, 2020.**
