

Report on Virtual Class Party

Event: Virtual Class Party

Date: 16 May 2020

Classes: I &II

Since ITL Public School is digitally teaching and going to miss students during the summer break, Classes I &II conducted first time a special virtual class party on 16 May 2020, Saturday to celebrate unique virtual teaching platform.

Teachers invited their students in zoom class party with the dress colour code theme. Students were supposed to bring their favourite drink as well. Many games and quiz were organised. Teachers and students had fun together. Party went very well followed by a dance party.

At the end of the virtual party, teachers took a moment to remind their students that even though the classroom environment changed, we are still able to catch up on our studies virtually.

Hence, we celebrated our first virtual class party with full enthusiasm and zest.
