

REPORT ON WORLD FOOD SAFETY DAY

Day/Date : Sunday, 7th June 2020
 Conducted by : Class I - V
 Theme : Food Safety, Every one's Business

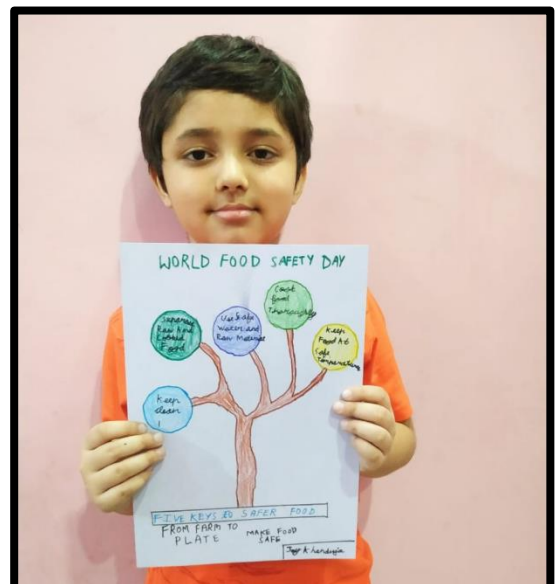

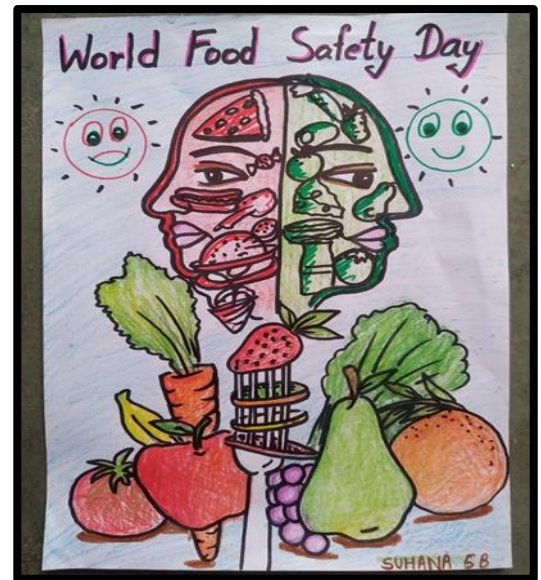

“A new world will be collaboration of people who have a goal to make the food supply safer, working together to get to better practices.” – David M Theno

The **World Food Safety Day (WFSO)** is celebrated on **7 June** to draw attention and inspire action to help prevent, detect and manage foodborne risks, contributing to food security, human health, economic prosperity, agriculture, market access, tourism and sustainable development.

Food safety is a shared responsibility between governments, producers and consumers. Everybody has a role to play from farm to table to ensure the food we consume is safe and will not cause damages to our health. Through the World Food Safety Day, WHO pursues its efforts to mainstream food safety in the public agenda and reduce the burden of foodborne diseases globally.

Under the theme ‘Food Safety, Everyone’s Business’, the action oriented campaign by students of Classes I-V of ITL promoted global food safety awareness. **FOOD SAFETY DAY** shed light on importance of food safety and also inspired them for collective action. Children explained simple keys of WHO to reduce the risk of contaminated food especially during this pandemic COVID -19 and Food Safety and Standards Association of India which regulates the food manufacturing processes with the help of Power Point Presentation, informative videos ,through poster making and slogan writing.

This year keeping with the theme of the event, ITL PUBLIC SCHOOL became a part of the change to tackle issues related to food safety and reinforced the call to strengthen commitment to scale up food safety.
