

## WORLD MUSIC DAY

**Name of the event :** World Music Day  
**Date of the event :** 21 June 2020  
**Organized by :** Music Department  
**Classes involved :** Pre Primary - XII

**“Music is the medicine of the mind”**

Music is an important part of life and plays a vital role in the overall development of the children. Music comes in different types and styles and ranges from traditional to rock. It's not only meant for entertainment purpose but also helps you in healing and soothing from all stress and pain. **June 21** is celebrated every year as **World Music Day** to promote peace and goodwill through music.

**ITL Public School** celebrated the **World Music Day** with great enthusiasm and enthralled everyone by rendering melodious songs and expressed their thoughts on the calming effects of music on distressed minds. The young learners of Classes Pre Primary to XII registered their participation through an array of musical activities. Students of Classes I & II chanted mantras and played musical instruments. Students of Class III& IV sang inspirational songs and folk songs. Class V students shared the positive impact music has on us during this time of pandemic. The melodious mingling of myriad musical notes granted completeness to the divine impact of music. The musical extravaganza was a way of paying a solemn tribute to World Music Day. The celebration created awareness among the children about the importance of music in our life. It also helped the children to improve their memory skills, listening skills and they also learned a way to relax their mind.
