REPORT ON ROAD SAFETY WEBINAR

Organized by: ITL Public School

Date: 19 August 2020

Attendees: Students and Teachers of ITL Public School

ITL Public School collaborated with Hero Motocorp Limited to organize a webinar on Road Safety. The session was convened by Mr. Sunil Malhotra and it focused on the importance of following the road safety rules. Mr. Sudhanshu Singh, showed various interactive videos to the students to emphasize upon the importance of road safety rules for drivers as well as for the pedestrians. He also provided the students and teachers with important tips to improve focus while on road, that would ultimately result in decreasing number of casualties on road.

Mr. Manoj, Head of Delhi Traffic Police also provided students with an insight on the role played by A.I in maintaining the decorum of the road. Through his words he wonderfully explained to students that they must follow the rules on the road for their safety and well- being and not merely out of fear of police.

The session proved to be quite informative for the students as their queries were also answered by the all the panelists.
