

## **WRITE UP FOR THE ACTIVITY**

**Theme-** Global Handwashing Day

**Date-** 15<sup>th</sup> October 2020, Thursday

**Conducted by-** Class I- V

*Cleanliness has a powerful influence on the health and preservation of the body.*

Global Handwashing Day is October 15. And as every year, the day serves as a platform to raise global awareness on the importance of hand-washing with soap.

The COVID-19 pandemic provides a stark reminder that hand-washing is one of the simplest ways to prevent the spread of any virus and ensure better health outcomes overall. This year's Global Handwashing Day theme is Hand Hygiene for all, calling for the society to achieve universal hand hygiene now and for the future.

The students of Classes I-V of ITL Public School celebrated this day with great zeal on 15<sup>th</sup> October 2020.

The day began with inviting all the students in the virtual classroom. They all had a discussion on the importance of cleanliness and hygiene in the current scenario. A video demonstrating the correct steps to wash hands was shared with the students. It was specifically created by Ms. Rekha, the Staff Nurse at ITL Public School. The students performed the correct steps of handwashing routine like rubbing the tips of the fingers, washing the thumb etc.

The day ended with a pledge taken by the children to adhere proper handwashing tips so that they can keep themselves safe and secure.
