

International Day of Persons with Disabilities

Date: 3 December 2020

Day: Thursday

International Day of Persons with Disabilities is observed every year on 3rd December. The theme for this year is “Building Back Better: towards an inclusive, accessible and sustainable post-COVID-19 world by, for and with Persons with Disabilities.

At ITL, we encourage, engage and empower children with disability to participate in all visionary activities to know their strengths and talents.

During this unprecedented situation, we at ITL address the needs of children with disabilities, a cluster of students with similar disabilities has been made by teachers, special educator and counsellor to support them. It has helped the parents to clear their doubts and used this a platform to share their best practices, strategies and experiences.

On this International Day, we reaffirm our commitment to work together for better world that is inclusive, equitable and sustainable for everyone, where the rights of people with disabilities are fully realized.
