

Report on National Doctors Day

Event: National Doctors Day

Date: 1 July 2020

Participants: I- XII

“Not all superheroes wear capes but all doctors are definitely superheroes.”

ITL Public School observed the National Doctors Day on 1 July 2020, to foster the respect for the profession in the students. During these unprecedented times doctors have been on the forefront and have been called the ‘Corona Warriors’. A gamut of activities were organized. A pep talk was arranged through Zoom online platform with the students. While showing the power point presentation, teachers made the students aware that this day is observed to mark the importance of doctors in our lives and the role they play in the welfare of the humankind.

This year the significance of the day has increased manifold Doctors have become the new version of our knight in shining armours to battle the pandemic. In order to honor them, students were made to salute doctors- the exceptional care givers who are leading the fight against COVID-19. Students were so mesmerized that to show their gratitude towards them they clicked photographs with different messages and shared with their teachers. Teachers along with the students paid tribute by sharing placards quoting “**Dil Se Thank You**” as the hard work and dedication of the doctors since the start of the pandemic has been praise worthy.

Digital Poster making activity was planned for the students of Class IX and X. Students designed digital posters to salute doctors and expressed gratitude to them, especially during these tough COVID times. The posters were forwarded in all class groups and teachers discussed about the role of doctors in our lives. Students also shared their views and thanked them whole heartedly.

Poster making activity to pay gratitude to Doctors, Our front-line warriors!!

Doctors day on 1st July

This day honours doctors across the country for their relentless service throughout the year !

They stay at work for us , we should stay home for them ...

THANK YOU OUR CORONA WARRIORS !!

'OUR ANGELS IN WHITE !'

DOCTOR'S DAY JULY 1ST, 2020

Doctor's Day is a tribute to all medical professionals who have ethically treated patients and served the society irrespective of all odds.

It marks the birth and death anniversary of Dr. Bidhan Chandra Roy.

Doctors are working day and night for our safety..... They are taking care of the patients inspite the risk of getting infected themselves....
