Democracy is as much a process as a goal, and only with the full participation of and support by the International community, national governing bodies, civil society and individuals, can the ideal of democracy be turned into a reality to be enjoyed by everyone, everywhere.

Students of classes XI-XII of **ITL Public School** celebrated **International Day of Democracy** on **15th September** with the above objective in mind. Teachers and students engaged in a meaningful conversation on the different aspects of democracy and the various challenges like poverty, unemployment, illiteracy, starvation, migration and corruption which are impediments in the realization of a true democracy.

Students were enlightened about the features of a true democracy- free and fair elections, equality, rule of law, peaceful and just institutions.
