

National Girl Child Day, 24 January 2021

ITL Public School Celebrated National Girl Child day on 24 January 2021. The day was initiated by Ministry of Women and Child Development in the year 2008 to spread awareness about the inequalities faced by girls in Indian societies. This year it was celebrated all over the country with the objective of raising awareness on the issue of declining Child Sex Ratio. To sensitise young minds towards this grave issue, ITL Public School organised a Panel discussion for the students of Classes IX to XII. The Students spoke on different policies designed by the government of India to eradicate gender discrimination and to empower the girl child in areas related to health, education and many more. The panelist also cited examples of various great women who have successfully carved out a name for themselves in the male-dominated society.
