

## **WORLD RED CROSS DAY-2021**

8 May 2021

The world is passing through a challenging time, as the current wave of the deadly Corona virus is devastating.

The theme for World Red Cross Day 2021 is #unstoppable. This resonates the never give up spirit of Red Cross staff and volunteers. A sustained response in the service of humanity to save precious human lives is the need of the hour.

ITL fraternity pledges to continue its support to the Red Cross in its crusade of benevolence to the next level so that people are educated on COVID conducive behavior, materials for protection are delivered to the common man, and attention is given to differently abled, old, and other vulnerable groups.
