Cleanliness has a powerful influence on the health and preservation of the body.

World Hand Hygiene Day is observed on 5 May every year. And as every year, the day serves as a platform to raise global awareness on the importance of hand hygiene to prevent the spread of micro-organisms and virus.

The theme of World Hand Hygiene Day 2021 is----Achieving hand hygiene at the point of care. The slogan for this day is, *Seconds Save Lives- Clean Your Hands.*

The students of Classes I-V of ITL Public School observed this day by learning steps to wash their hands.

The day began with inviting all the students in the virtual classroom. They all had a discussion on the importance of cleanliness and hygiene in the current scenario. A video demonstrating the correct steps to wash hands was shared with the students. The students learnt the correct steps of handwashing routine like rubbing the tips of the fingers, washing the thumb etc. The students presented commercials of sanitizers and soaps displaying their benefits.

The day ended with a pledge taken by the children to adhere proper handwashing tips so that they can keep themselves safe and secure.
