### ***“Join Hands to bring a change today”***

This saying was true to its meaning which was seen during the **Van Mahotsava Week** when all the students joined hands together to celebrate this special day.

Van Mahotsav or Forest Festival is an annual tree-planting festival celebrated from 1 July to 7 July. This week-long festival is dedicated to the planet, ‘the mother earth’.

Van Mahotsav celebrates forests, trees and nature for their essential contribution in making the lives and lifelines of humans and other creatures possible.

To commemorate the historic event, the students of ITL Public School were encouraged to plant trees in their homes and surroundings, thus reaffirming their school’s espousal of all environment-friendly causes. Adding more fervour to the celebrations, the students took a pledge to adopt the saplings, water them, care for them and nurture them personally.

As part of the festivities, the students dressed up in green colour attire and danced to the tunes to generate awareness towards the injustice done to the forests by the humans. ‘Earth soldiers’ of **ITL Public School** affirmed their commitment to serve the cause of saving the planet earth by creating slogans, and poems in order to spread awareness about this global festival.

The festival engendered in the students’ minds and hearts an awareness of the need of planting saplings and importance of tending to trees, as trees are one of the best ways to prevent global warming and reduce pollution.
