Music is an important part of life and plays a vital role in the overall development of the children. Music comes in different types and styles, ranging from traditional to rock.

ITL Public School celebrated the World Music Day on 21 June 2021 by honouring music with great enthusiasm and enthralled everyone by rendering melodious songs while expressing their thoughts on the calming effects of music on distressed minds. The young learners of Classes Pre-Primary to XII registered their participation through an array of musical activities.

To celebrate music on this special occasion, the school released a video, dedicated to all genres of music and musicians all around the world, made with the help of students celebrating the diversity of music.
