

### **ITLEENS PAY HOMAGE TO THEIR GURUS**

ITLeens celebrated Teachers Day amidst great fervour and mirth on September 4, 2021 in the School Auditorium. It was indeed a very euphoric and gratifying opportunity to celebrate an offline event after being restricted to the online mode for almost two years. Though proper covid protocols and precautions were followed for the smooth conduct of the event, still the excitement and thrill ran high.

The mellifluous performances by the School Band including a mashup of emotional as well as upbeat songs giving everyone in the audience a rollercoaster of feelings, spellbinding performances by the Dance Club juxtaposing classical and modern dance forms enthralled the teachers. The dramatics club through its well coordinated sets of acts truly got emotions swaying from heartwarming to rib tickling. All performances dotted with fun and hilarity showcased how teachers are the guiding light in the journey from darkness to light how they always keep up their spirits even in the direst of situations.

A special mention needs to be made of the emcees who carried and tied the show astoundingly reflecting their reverence to the teachers all through.

The School Principal Dr Sudha Acharya congratulated the students for putting up an immaculate show. She also congratulated the teachers on this gala occasion who had become covid warriors overnight and continued the difficult task of educating young minds inspite of formidable restrictions.

The event taught students life skills, empathy, and most importantly gratefulness. The teachers beamed with pride and love for their dear students.
