

## ITL PUBLIC SCHOOL

### REPORT-AUDIO VISUAL HERITAGE DAY & CULTURAL FUSION

27<sup>th</sup> October, 2021

ITL Public School on 27<sup>th</sup> October 2021, observed the *Audio-Visual Heritage Day* and simultaneously organized Cultural Fusion as part of the *Ek Bharat Shreshtha Bharat Venture*. The theme for this year's Audio-Visual Heritage Day was “*Your Window to The World.*” The event, which was enthusiastically attended, by students of class IX, showcased a Kathak Performance (by Palak Sharma of Class IX) depicting Shiv Paran. It was indeed mesmerizing as students watched the eloquent depiction of this visual Indian Heritage which was followed by a sensitizing Audio-Visual presentation from the archives, which are instrumental in making us hear voices which are no longer there and in making us part of an event which we have not witnessed. The presentation which was a synthesis of some historic footages took the students on an emotionally charged journey of nostalgia, amazement and pride. The event reiterated our role in not only being a part of the Audio-Visual Heritage but also in being enlightened keepers of this heritage.

Much in sync with the spirit of Audio-Visual Heritage, the audience were also witness to a mellow Sikkimese folk dance performance (performed by students of Class XI). After the dance, students and teachers visited stalls which showcased Sikkimese paintings, few items of craft and some delectable traditional Sikkimese cuisine. The students were charged with extra enthusiasm since the paintings and the flavourful food was prepared by their fellow mates (of class IX) who while serving the dishes proudly explained the history of their origin. It was extremely delightful to see students learn through a fun-filled, entertaining and interactive experience.
