

Report on Parakram Diwas

‘Success always stands on the pillar of failure’.

ITL Public School observed Parakram Diwas on 23rd January 2022, remembering fondly the

young dreamer and fearless warrior of India, Subhash Chandra Bose. Netaji's contribution to the Indian freedom struggle is indeed inspiring, for it depicts the journey of a patriot who had the power to face the biggest challenge. He had the faith to achieve what others thought was, 'impossible' and he was brave enough to spill his blood for attaining freedom. History classes were especially utilized by the teachers to share with students the charismatic personality of Netaji, his remarkable skills of disguise and his relentless belief in getting India independence through the route of an armed fight.

Zealous ITLeens paid tribute to this lion-hearted son of the Indian motherland by compiling a video in his memory, making posters, narrating poems, quoting memorable events from the life of the leader and many more like this.
