

International Summit 2015

ITL Public School

The International Summit on Adolescent Life Skills, Skills, Values, Gender and School Well Being was an initiative taken by Expressions India to give adolescents a platform to exhibit their talent and to bring about a change in their mentality about the perspectives of life by carrying out various competitions and workshops. A team of four students participated in the event, they being; Akul Hallan, Priyanjali Jha, Niwas Chadha and Mehak Sharma of class 11th. The students were chosen on the basis of their talents which corresponded to the events and their versatility of participating in more than 1 event.

The event was distributed over a period of 3 days with 6 competitions and 4-5 workshops for both students and teachers.

Day one started at 9 A.M. when the school took charge of their stall and started setting up the exhibition. While the exhibition was being put up Akul and Niwas were called for their Quiz and Mehak was called for the Poster Making Competition and Priyanjali had to go and attend the workshop which was a youth parliament. Ms. Krtika, who was the teacher in-charge for the event along

with the helping hand, Ishita who is a student of 11th as well, continued to set up the stall while the students participated in their respective competitions.

By 4 P.M. the stall was completely set but because of rain, the hangings had to be removed and the stall had to be covered.

Day two started with re-setting up of the stall after taking some ideas from other people around. The stall was successfully put up by breakfast and the team started preparing for other competitions. Soon the team was called for the Thematic

Jingle and Niwas for the Wellness Elocution. Once Niwas was done with his speech the

team proceeded for the jingle competition, which went amazingly. The jingle motivated the school to buck up for the Theme Song. Soon Akul and Priyanjali were called for the song wherein Priyanjali was singing and Akul played the guitar. The song seemed very soothing to the ears of all. By 6:30, after covering the song and wrapping up everything, the team left Summer fields for ITL.

Day three was the crucial day, when the awards had to be announced. We started with the day by fixing our stall a little and continued to attend workshops taken by Dr. Nagpal and the team. A workshop for the students was arranged wherein team work and coordination played a very important role to play. We made charts and performed a role play with the students of other schools, which was a great success.

The Valedictory ceremony started with a dance performance by differently abled students. The awards started being announced by Ms. Geetanjali, and ITL won the third prize in the thematic jingle competition where the whole team participated and the second prize in the theme song on gender and values where Priyanjali and Akul participated.

The International Summit ended successfully and boosted the students to achieve even more the years and the events to come.
