

Rejuvenation for Class XII students: Trip to Shimla

ITL Public School organised a rejuvenating trip for the students of Class XII to Shogi and Shimla from 23 June, 2022 to 27 June, 2022.

This much awaited trip after a long gap of 2 years of the unprecedented COVID times was reinvigorating and relaxing. The students and the accompanying teachers enjoyed the blissful sojourn in the Aaroham Resorts, the picturesque luxurious resort amidst the rich opulence of nature. The serene and tranquil ambience of the resort coupled with its excellent service and mouthwatering cuisine made the stay a memorable experience. On the first day of the trip, ITLeens and teachers visited the iconic Ridge, Mall Road & the historical Christ Church. They also got a glimpse into the local market at Mall Road & Lakkar Bazar & collected souvenirs of the hilly regions. The experience at the Adventure Camp at Jungle Livinn in Chail, on the second day of the trip was indeed a life time experience as the Soft Adventurous Activities like crossing Bamboo Bridge, Climbing Commando Net, trying hands on experience in Wall climbing, rappelling etc gave the much awaited adrenaline rush.

The trip at the fag end of the Summer Vacation was an ecstatic experience – a break from the everyday schedule providing an opulent opportunity to enhance the bond with the peers and also with the teachers. The spontaneous overflow of powerful emotions was conspicuously reflected as students sang to their heart's glory around the bon fire. Taking a stroll with a cycle amidst the lush green surroundings or going for a trekking and exploring new flora and fauna added spirited sparks to students and teachers alike. The students look forward for such outings in future and are grateful to the school principal, Dr. Sudha Acharya & the School Management for organising this recreational cum adventurous trip.
