*Grandparents have a heart of gold and always have time for their Grandchildren.*

Grandparents are a family's greatest treasure. The greatest storyteller. The founders of the tradition of the family. The Grandparent's Day 2021 was celebrated on Sunday, 12th September 2021 in India.

The parents and teachers of Classes I to V of ITL Public School celebrated this day with great zeal on Friday, 10<sup>th</sup> September 2021.

The day began by honoring all the grandparents present in the virtual classroom. Children expressed their gratitude towards the constant love, care and support extended by them. Grandparents were welcomed by the little ITLeens.

They shared the beautiful memories from their childhood days to enlighten the little hearts for a better life. They actively participated and melodiously sang the songs, bhajans etc.

To make the session more interactive various fun games were organized for the grandparents.

The students thanked the grandparents for their countless love, care, blessings and sacrifices which they constantly shower on them.
