

Eirene MUN Society

Quest Model United Nations 2015

Dates: 18-19 December 2015

Venue: Bluebells School International

This conference was an enriching experience for all the delegates especially for the first-timers. A total of 7 committees were simulated in Quest MUN which included UNHRC, UNGA, AIPPM, UEFA, UNAMA, UNSC and the Bilderberg Conference. The committees simulated had nail-biting agendas which required great analytical skills. The UNHRC dealt with the treatment of refugees in post-conflict regions whereas AIPPM talked about Rise of Communalism and ways to curb tendencies of Religious hatred and Intolerance. The Bilderberg Conference discussed the fall of the Euro.

With ten delegates participating in six committees, the school won four awards. Priyanjali Jha and Rishika Mittal won a Special Mention in the UN General Assembly representing Seychelles. Chaitanya Agarwal and Noor Dewan, representing Iran and Sierra Leone respectively, won High Commendation in the UN Human Rights Council. Akul Hallan also made us proud as he sat as the director for the UN Human Rights Council.

The members of the International Press play a vital role in any MUN Conference. Four students from our school were a part of the International Press. Naman Gupta won the Best Photographer Award.

With so much of exposure and debating, the students got to learn a lot from the conference. The conference proved to be a brainstorming session for all the delegates.
