

### **Campus Tour of Ashoka University**

**Day/Date :** Monday/19th December 2022  
**Event :** Campus Tour  
**Organised by :** Ashoka University  
**Participants :** Students of class XII

ITL Public School ensures to prepare the students well for their future by providing them with as much knowledge and life skills as possible. Hence for granting exposure to the various course and stream avenues, the school organized a campus tour of Ashoka University for the students of class XII.

Ashoka University is listed in the top ten private universities in India for Liberal Arts and Science courses. A representative of the institution conducted an informative and enlightening talk session, giving a preview of the various courses offered by the University. He threw light upon details of the updated system of examinations under NEP, the procedure for admission, and the prospects – all the essential information that the students grasped readily.

The undergraduate students of the university interacted heartily with the ITLeens, sharing their experiences and insights. The cherry on the cake was the campus tour, led by the undergraduate students themselves! This golden opportunity to explore the real life of college-going people was cherished by the students immensely. They were given a peep into their upcoming future by this walkabout, getting to observe the elements of campus life previously unknown to them.

It was indeed an enriching, enjoyable, and eye-opening experience for the ITLeens as this helped in making them better prepared for their next few years.
