

REPORT ON A SESSION WITH MS. RITU BERI

Date : **29th April 2016, Friday**

Venue : **Ansal University, Gurgaon**

Conducted By : **Ms. Ritu Beri**

Attended By : **Ms. Anubhuti Sinha & two students**

Students of ITL Public School attended a session by the renowned personality Ms. Ritu Beri, an embodiment of Fashion and the resource person of the day. She connected with the students by encouraging them to ask questions and rendered them with prompt answers.

The highlight of the workshop was the creative designs and exquisite patterns which were created out of the most simplistic yarns. Mentoring the students, she enlightened them by sharing her passion to create exquisite designs, experiences of the hardships faced by her initially to reach the pinnacle of success and never losing hope despite all odds. For one of her projects in collaboration with the Prime Minister, Mr. Narendra Modi, to promote Khadi, she gave an opportunity to the students of Ansal University to design a dress in Khadi, for which they would get all the raw materials free of cost and if the design sells, they would get a recognition and their share of percentage from it. This highly motivated all the students present there. Her efforts taken to highlight the tradition and culture of India worldwide are worth an appreciation.

Last but not the least, the students also attended an exhibition in the university which really boosted their confidence. Indeed it was a great exposure for the students to meet the internationally acclaimed designer and we look forward to more such workshops.
