ITL Public School organized a seminar on the current SAT Examination and some changes resulting in the new format called the RSAT Examination on Thursday, December 2015 for the students of Classes X-XI. The seminar was conducted by Manya - The Princeton Review, a known name, as the world's largest test preparation company in SAT, GRE, GMAT and ACT that is dedicated towards providing, educational consultancy service, to Indian students, in making educational avenues abroad accessible to them.

The Seminar aimed at apprising the student interested in studying abroad and dispelling their doubts regarding attempting the SAT Exam. The resource person Ms. Parminder kaur updated the students on important topics, time management, clearly stating that the students need to widen their horizons and not limit themselves to a set pattern of education system.

The seminar was surely an enriching and enlightening session where the students had one to one discussion and came to know about the reasons why they should take the SAT Examination thus making it easier to reach their destination and commence their study abroad exploration as one of the most exhilarating times of their lives.
