

**MORNING ASSEMBLY CONDUCTED by students of class XII on 13.4.2017.**

To begin with I must say the students and the teachers have chosen a beautiful Theme

**DHAROHAR**

It was a memorable assembly conducted by the students of class XII.

A beautiful presentation by the student anchors and the beautiful Dance performed by all the students on the heritage of Ganga, particularly the Dance of Somya who played the role of Ganga. Her face expressions and grace in the dance was appreciated and applauded by all.

The songs sung by a group of students was very entertaining and mesmerising. They deserve compliments.

As usual the principal's speech in the assembly was very inspiring, impressive and educative. She spoke in her speech about Morals ,Ethics and purpose of life very effectively. In her short speech there involved a great learning for the teachers and the students.

Self discipline maintained by the students during the assembly was commendable.

I really enjoyed and was impressed and I hope all the teachers and the students present in the assembly must have also felt the same. Congratulations and compliments to the Students' participants & the Teachers who have trained and helped them.

A very successful Assembly.
