

Report on World Laughter Day Assembly

Theme: World Laughter Day

Date: 4 May'20

Class: II

'A Good laugh is Sunshine in the house.'

World Laughter Day takes place on the first Sunday of May every year. This year the World Laughter Day was celebrated on 3 May 2020.

Students and teachers of **Classes I and II** of ITL Public School conducted a special online assembly on this occasion.

Students celebrated this day with lot of laughter; cracking jokes and spreading joy. Some performed Charlie Chaplin's mimicry. Others danced to spread joy. Few students played notes on Casio and sang. The theme of the assembly was how one should never stop having fun even while growing up.

Some teachers also delineated the health benefits associated with laughter. They also practiced the laughter therapy with the children. Song sung by teachers on this occasion was greatly enjoyed by the children.

The assembly ended with a message that laughter is also a social mechanism by which we make friends and connect with others.
