

REPORT ON ASSEMBLY

Theme- World Environment Day

Date- 5th June 2020, Friday

Venue- Online Live Session

Conducted by- Class IV

“Earth provides enough to satisfy every man's needs, but not every man's greed.”
— Mahatma Gandhi

Every year on June 5th, World Environment Day is celebrated to encourage worldwide awareness and action to protect the environment. The theme focuses on "TIME FOR NATURE" and providing the essential infrastructure that supports life on Earth and human development.

This year ITL Public School celebrated the World Environment Day digitally due to the outbreak of the Covid19 pandemic.

This auspicious day reminds all of us to take adequate care without any further delay to restore the ecological balance of all the world's vital ecosystems in order to avoid such natural disasters in the post- corona world.

An online assembly was conducted by the students of **Class IV** on 5th June 2020 on theme “**World Environment Day**”

Students participated very enthusiastically by expressing themselves in various ways. The assembly began with the enlightening thought followed by poetic expressions. The lockdown period also did not deter the kids to put efforts and explicitly created their movements into a dance form on the lovely song of nature. Students took the ownership by signing a pledge to conserve nature in their own sweet ways.

The fervour of music added beauty to the assembly.

KANISHK RANA (MC)

AANYA VADHERA(THOUGHT)
