

REPORT ON INDEPENDENCE DAY

Date: 14 August 2020

Organized by: ITL Public School

Participants: Students of VI- XII

**“Self-reliance is the only road to true freedom, and being one's own person is its ultimate reward.”
- Patricia Sampson**

Keeping the above thought in mind, the students of **ITL Public School** celebrated the 74th Independence Day with much enthusiasm albeit in a whole new way. An online assembly was organized where the students beautifully presented their conception of the **New India**.

Keeping in line with the theme of **Atmanirbhar Bharat**, the assembly focused on the representation of India as a country with a more futuristic approach that leads to development in all spheres. Respected principal ma'am **Dr. Sudha Acharya**, unfurled the national flag in the school premises. **Purvi Bhasin (9A)** articulated her thoughts on the birth of a new India driven by the aspirations of the youth who want to bring about a change through the collective effort. She highlighted that India has adopted a multi- dimensional approach to development by introducing Swachha Bharat Mission and National Education Policy.

Aaradhya Jain (11 D) shared certain extremely interesting facts about the Swachha Bharat Mission also emphasizing upon the importance of cleanliness of the mind and the purity of the heart. The Head Girl of the school **Sakshi Nautiyal** accentuated upon the importance of **Dignity of Labour**, further underlining the fact that the development of a nation is only truly possible if every individual receives his share of resources.

The assembly concluded with the members of the student council taking a pledge to contribute in their own ways to turn India into a country free from all kinds of prejudices so that the mutual dream of all citizens of making a new India come true.
