

Visit to orphanage on the occasion of Diwali

Date: Monday, 29 October 2013

Venue: ITL Public School, Dwarka

Children are the prized possessions of their parents and the apple of their eyes. But unfortunately there are kids who do not have such a fortune. A visit was organized to the orphanage- Children of the World on the occasion of Diwali by the students of ITL Public School on 29th October 2013. It was a way in which they wished to show their love and affection for kids. There were children belonging to age group 5-10 years. An introductory session was the beginning of the wonderful time the students spent there. Rangoli making competition was another way of making them comfortable and make them feel a part of our world. The rangoli competition was followed by refreshment distribution and talent show. The children were all charged up and full of life and the students of our school danced and sang along with them, making them feel elated and that they are being taken care of in every possible way. The students of ITL Public School went there with the motive to make the orphans feel that Diwali, the festival of lights is made for them too and that they belong to our world. The President and Joint Secretary of The Social Service Club along with the school counselor went on to meet Ms. Seema, the head of the orphanage- Children of the World. The meeting was enlightening and motivated the students to take more steps in making people's lives worth living and sharing their world with them.
