As a part of this endeavour, a small assembly was conducted with music performances and riddle games, which the students enjoyed a lot and participated with immense enthusiasm and zest.

Keeping in view, the jolly and generous essence of Christmas, a party was organized for the students where they were provided with relishing food items like cakes, sandwiches, juices, chocolates and sweets. The Christmas presents which included mustard oil, room fresheners and cleaners, were donated according to the daily requirements of the school. All the donations were made from each class and compiled by the social service club.

This experience was indeed cherishing and edifying which instilled the spirit of charity among the students.
