With many people being asked to socially distance themselves from others, cities have placed their residents under mandatory lockdown to prevent the further spread of the coronavirus.

Keeping this in mind the schools have also shut down and are conducting online classes, but School shutdown is also a chance to make better relationships with our children. One-on-One time...makes children feel loved and secure, and shows them that they are important.

It's worth repeating, over and over again:

- Wash, wash, wash your hands. Wet your hands with clean running water and then lather them with soap; don't miss the backs of your hands, between your fingers and under your nails. Make sure to scrub for at least 20 seconds (or about the time it takes to sing "Happy Birthday" twice), and dry them with a clean towel or let them air dry.
- Make a poster communicating to the people in your society based on the slogan "STAY HOME, STAY SAFE"!!!
- Use clean cloth pieces to make masks (as demonstrated in your art class) and distribute in your neighbourhood, to people who cannot afford to buy one (under parental supervision/keeping in mind social distancing).
- Write a short paragraph on your experience with online schooling!!!
- EK BHARAT SHRESHTA BHARAT: - Make a postcard of Sikkim a state of India you may have visited or you wish to visit. You can draw or paste the picture of any famous:
 1. Monument
 2. Dress/costume
 3. Food item
 4. Place / thing the state is popular for
