

# International Astronomy Day

May 6, 2022

International Astronomy Day was celebrated in the school on May 6, 2022. On this day, astronomy enthusiasts and professionals share their knowledge and love of outer space with the general public. A PowerPoint presentation was shown to the students of classes VI to XII in the school assembly and for classes I-V, a PPT was shown by the class teacher during class assembly. A shared PPT highlights the importance of International Astronomy Day, some interesting facts about space and India's contribution in the field of astronomy and a video was also shown in the senior school assembly about the NASA's Parker Solar Mission. An interhouse poster making competition on the theme of 'A' Day was also organized for primary school. They also attempted

a short quiz to increase their knowledge about astronomy and space.

Thanks and Regards  
Astronomy Club
