

INTER-SCHOOL BIOTECHNOLOGY MEET-2022

Sadhu Vaswani International School for Girls organized its Sixteenth Inter-School Biotechnology Meet on 23 August 2022. Well known schools from all across Delhi-NCR were invited to participate in this Meet, which witnessed an overwhelming response by twelve schools.

The participants presented their original research work and supported it with a Power Point Presentation. The judges for the program were Dr. Pradeep Kumar Burma, Professor, Department of Genetics, South Campus, University of Delhi and Dr. Gopaljee Jha, Scientist, National Institute for Plant Genome Research.

The first position was secured by Bluebells School International, Kailash, second position by the proud hosts and third position by Ahlcon International School, Mayur Vihar.

The scientists in the making were motivated by our School Principal, Ms. Santosh Vyas with her encouraging words.

The brilliant young thinkers were inspired by the veteran judges for further developing the spirit of research and discovery among them.
