

Circular for Mathematics Standard / Mathematics Basic for Class X

Dear Parent,

With reference to Circular No Acad-03/2019 Dated 10th January 2019 CBSE has introduced two levels of Mathematics for All India Secondary School Examination ie Mathematics Standard and Mathematics Basic.

The curriculum for both are the same. However for assessment the question papers of Basic Mathematics will be easier than the Standard Mathematics.

Kindly note the following:

- Students can make their choice according to aptitude and ability.
- The nomenclature for the two Examinations will be- Mathematics-Standard for the existing level of examination, and Mathematics-Basic for the easier level of examination.
- The syllabus, class room teaching and internal assessment for both the levels of examination would remain the same; so that the students get an opportunity to study the whole range of topics throughout the year and are able to decide upon the level of Board examination .
- The Standard level will be meant for students who wish to opt for Mathematics at Sr. Secondary level and the Basic level would be for students not keen to pursue Mathematics at higher levels.
- A student will have the right to choose between the two levels of Examination at the time of submission of List of Candidates (LOC) by the school to the Board online.
- A student who qualifies the Mathematics-Basic in the final exam, has an option to appear in Mathematics-Standard at the time of Compartment exams, in case he/she changes his/her mind to pursue Mathematics at Senior Secondary level.
- In case student fails at any level of Mathematics, he/she can appear for the compartment examination as per norms of the Board according to the options given below:

In case of failure in	Compartment options
Mathematics -Basic	Mathematics-Basic
Mathematics-Standard	Mathematics Standard or Mathematics- Basic

Students will have to make a choice to opt for the level of Mathematics they would like to appear for in the Board examination 2022-2023 . The same will be submitted to CBSE at the time of submission of the list of candidates by the school in the month of August.

Please discuss with your ward , fill in the consent form and submit to the Class Teacher latest by 8th July 2022.

No request for change in Level of Mathematics will be entertained after confirmation from your end.

Regards

Principal

CONSENT FORM

Mathematics Standard / Mathematics Basic (2022-23)

I _____ parent/guardian of _____ class/section
_____ have read the given information regarding Standard and Basic
Mathematics for Board Examination 2023.

My ward will opt for

☐ Mathematics Standard

☐ Mathematics Basic

I understand that my ward needs to study Mathematics Standard to be eligible to study
Mathematics in Class XI & XII. (No change of options will be allowed once I register my
choice.)
