

International Day of Sign Language Report

Session 2022-23

Day/Date: Friday, 23rd September 2022

"Sign language is the equal of speech, lending itself equally to the rigorous and the poetic, to philosophy."

23 September is celebrated as the International Day of Sign Languages in order to raise awareness of the importance of sign language. It is a unique opportunity to support and protect the linguistic identity and cultural diversity of all deaf people and other sign language users.

ITL Candyfloss celebrated the event by imparting the little ones with the cognizance about the manual communication with the help of gestures and symbols organised in a linguistic way. It is the bridge to connect special people to the world. Kids learned different greetings and other gestures like Thank You, Sorry, Good Morning, Good Afternoon, etc in sign language and rejoiced to have discovered something new.
