

ITL CANDYFLOSS SCHOOL
SECTOR-9, DWARKA
Celebrated World Nature Conservation Day

Date-28th July 2020

Class-Pre School/Pre-Primary

“Let’s Nurture the nature so that we can have a better Future”

ITL Candyfloss celebrated **World Nature Conservation Day** on July 28 to provide a joyful learning experience to the students through badge making activity wherein children used clay, thumb printing, ear bud printing etc. to make it more lively. Pre Primary students also created the awareness through Poster Making on different themes like save plants, save wild life, save energy.

Fancy Dress Activity added glory to the day where children took the initiative of providing the insight by speaking slogans on save natural resources and reciting rhymes. The World Nature Conservation Day was entirely enriching for the facilitators, students and parents.
