

ITL CANDYFLOSS SCHOOL

SECTOR-9, DWARKA

Celebrated International Literacy Day

Day/Date- 8th September, 2020

Class- Pre School /Pre Primary

International Literacy Day 2020 focuses on "Literacy teaching and learning in the Covid-19 crisis and beyond". Its aim is to highlight the importance of literacy to individuals, communities and societies. Keeping in mind the aim of this special day, ITL Candyfloss celebrated it with great avidity in which children landed a hand in various numeracy and literacy related activities like caterpillar letter sort, match the alphabet, fish in the pond- number activity, form a word and story puzzle.

To provide hands on experience to the children, these activities were conducted in a fun learning way like children sorted the letters, matched the numbers, formed a word using flash cards and narrated a story through their own PPT. These activities helped them enhancing their cognitive, arithmetic and linguistic skills.
