

ITL CANDYFLOSS
DWARKA, NEW DELHI
CELEBRATED NATIONAL IMMUNIZATION DAY

Day/Date: 16th January, 2021
Class: Pre School/ Pre Primary

Get a drop, stop the stop

The World Health Organization (WHO) defines polio or poliomyelitis as “a highly infectious viral disease, which mainly affects young children. On March 16th every year, India observes National Immunization Day but this time it is rescheduled to 31st January 2021. The first dose of Oral Polio vaccine was given in 1995 in India.

So, to create the awareness about the importance of this Vaccine amongst little igniting minds, ITL Candyfloss celebrated National Immunization Day . The children were explained about the significance of Immunization Day. The day was concluded by writing and speaking slogans along with a promise to take the vaccine.
