

Day/Date: 2nd February, 2021
Class: Pre School/ Pre Primary

"Save the wetlands and then we can think about saving the entire earth."

2nd February each year is World Wetlands Day to raise global awareness about the vital role of wetlands for people and our planet. The 2021 campaign highlights the contribution of wetlands to the quantity and quality of freshwater on our planet. Water and wetlands are connected that is vital to life, our wellbeing and the health of our planet. To create the awareness about this day, students of ITL Candyfloss created a wet land in a pan and demonstrating wet land through free hand drawing.
