Radio is a powerful and most widely consumed medium for celebrating humanity in all its diversity. This unique ability to reach out the widest audience can shape a society's experience of diversity, stand as an arena for all voices to speak out, be represented and heard. It offers a wide variety of programs, viewpoints, content and reflect the diversity of audiences in their organizations and operations.

In an endeavour to instill confidence in the young minds, an activity on 'Radio Jockey Enactment' was conducted in which children enacted like a Radio Jockey and spoke about various topics.
