

ITL CANDYFLOSS ORIENTATION REPORT

Session 2021-22

Day/Date : Saturday, 3rd April 2021

One of the most important challenges of the school is to orient and enlighten the new set of parents of Pre School who came to the school with aspirations and dreams for their child.

A well-structured programme was conceived virtually at Digital platform MS Teams for the session 2021-22, followed by a virtual tour of the School building. The parents were enlightened about the objectives and philosophy of the school through a Power Point Presentation. It emphasized that provision of an optimal atmosphere and giving individual attention to each child ensures that every child grows and progresses to the best of his/her potential. The parents were explained in detail about the functioning of the virtual classroom and were apprised of School's expectations from them as a parent. At ITL Candyfloss, efforts are made by the teachers and opportunities are given to children to excel in every field.

By the end of the Program, the Parents understood and experienced what happens in the classes and how the child experiences learning.
