CELEBRATED “WORLD PAPER BAG DAY”

Day/Date: Monday/12.07.2021

Class: Pre School/ Pre Primary

World Paper Bag Day is celebrated on 12 July annually to make people aware of the pollution caused due to plastic and the serious threat that it poses to the environment.

So, today to apprise the little ones of the disadvantages of using plastic bags, we at ITL Candyfloss celebrated World Paper Day wherein the students were given a detailed explanation on the fact that plastic waste takes thousands of years to decompose.

Also, the children were made aware that paper bags are made from renewable raw materials, are recyclable and biodegradable. The students were taught to make newspaper bags as a method to conserve environment.
