

# ITL CANDYFLOSS

## World Nature Conservation Day

Session 2021-22

Day/Date: Wednesday, 28<sup>th</sup> July 2021

Observed each year on July 28th, World Conservation Day is celebrated internationally to spread the message about conservation of nature and to recognise that a healthy environment is a foundation for a stable and productive society. So, we at ITL celebrated World Conservation Day by helping our little environmentalists to make Bird Feeders to observe the wonders of nature and also, to learn the importance of caring for animals & birds. To raise awareness among people about conserving nature, the children recited slogans with great zeal and enthusiasm.

The purpose of celebrating World Nature Conservation Day was to imbibe in children the values of conserving the animals and trees that are on the verge of going extinct from the natural environment of the Earth.
