

# ITL CANDYFLOSS

## SKILL INDIA WEEK REPORT

### Session 2021-22

Day/Date: Tuesday, 2<sup>nd</sup> August 2021-Friday, 6<sup>th</sup> August 2021

A Healthy and educated mind can bring change to the world. Skill India, or National skills development mission of India, is a campaign launched by PM Modi in 2015.

Skill means the ability to do something well, and let's take a closer look at each day:

#### Day 1: Pen Holder from Newspapers

In our week, we started by making a pen holder which students can use to keep their stationery items.

## Day 2: Tie and Dye

Through materials available in the kitchen, coffee for brown and haldi for the yellow colour; students coloured beautiful scarves, handkerchiefs and shirts using tie and dye techniques.

## Day 3: Candleholder with Bangle pieces

For the third day,

students borrowed few glass bangles that their mother did not use and gifted them back a beautiful Candleholder. With these activities, students adapted different skills with cheerful gifting gestures and happiness to spread smiles.

## Day 4: POT DECORATION

On the fourth day of Skill India week, students enhanced their level of creativity one step up and decorated a pot using paints and many decorative materials like mirrors and stones.

## Day 5: Wall Hanging

The last craft was to make a wall hanging for their room, which students enjoyed thoroughly and showed enthusiasm to finish.
