

ITL CANDYFLOSS

Diwali Report

Session 2021-22

Day/Date: 2021

“Harit Diwali-Swasth Diwali”

‘Deepawali’, the festival of lights, is one of the most widely celebrated festival throughout India. This year, we at ITL decided to celebrate this auspicious day as an eco-friendly one.

Our little munchkins were sensitised towards the post-diwali environment caused due to bursting of crackers and hence, they were taught the healthy ways to enjoy the festival through colourful activities like Earthen diya painting, Rangoli making, Nariyal Laddoo recipe etc. The little ITLeens took a pledge to celebrate Green Diwali.
