

ITL CANDYFLOSS

International Day of People with Disabilities

Session 2021-22

Day/Date: Friday, 3rd December 2021

International Day of People with Disabilities, Teachers of ITL Candyfloss apprised the little munchkins with a new skill Sign Language, which is popularly known as the medium to interact with deaf and mute people. The children were familiarised with greeting words, numbers and alphabets. They enjoyed learning a language that says all without even uttering a word and making a heart to heart connection in silence.
