

ITL CANDYFLOSS

Session - 2020-21

REPORT ON SUMMER CAMP

17th June 2020 - 30th June 2020

ACTIVITIES OFFERED

MUSIC, AEROBICS, STORY TELLING, TABLE ETIQUETTES, DANCE, ART & CRAFT, SHOW & TELL, QUIZ, INTRODUCE YOURSELF, COOKING WITHOUT FIRE

Digital Platform : Zoom

Music & Aerobics - The music & aerobics session proved to be interesting and effective as the tiny tots learnt to sing songs - 'Stuti Aradhna', God's love, 'Lakdi ki kathi', 'Nani teri morni' & 'you are my sunshine'. In Aerobics, children were able to do warm up exercises followed by steps like rolling hands, lifting legs diagonally, jump forward-jump backward, twisting waist etc. They have completed the workout steps on two songs and have shown great excitement.

Show & Tell - A fun & interactive summer camp, where students were taught to speak on a topic, everyday. They have been taught and encouraged to speak on the following topics, one by one like their favourite toy, favourite attire, favourite fruit, favourite cartoon. The students have shown much curiosity for the object they were asked to speak on.

Story Telling, Puppet Show, Self Introduction - This session proved to be really effective to spellbound the kids through voice modulation, expression, soft toys & puppets. And 'Self Introduction Activity' has helped a lot to enhance the confidence of the children. Students were given tips on how to introduce themselves through a teaching aid puppet. Children were encouraged to form a story turn wise which they found interesting.

Different stories like *Roosty and his friends, Elly the Elephant and the Hare and the Tortoise* were taken up through beautiful stick puppets and soft toys which made the children mesmerized. Great efforts were taken up by the parents by sending the videos where children are introducing themselves and also trying to narrate the story *The Hare and the Tortoise*.

Table Etiquette - Students learnt and imitated; sitting posture - girl & boy, holding glass & mug and manner of drinking from them. 5 magical words essential for etiquettes was also taught. Sessions were given to motivate & teach students the various crockeries & cutleries, with clapping and compliments, through quizzes.

Acquisition of Eating with Precision"

Also, students learnt from start to finish of Table Etiquettes i.e. right from laying a table to wiping of mouth at the end.

Making of "Table- Place Mat" by 2D origami & "Napkin folding in Design" were practiced. The Do's & Don'ts of Dining i.e. Sitting, Talking, Placing and Eating were demonstrated to avoid "Faux Pas". Along with these, students had a hands on experience of "Eating with Style & Accuracy" i.e. application of "spreads" on "Bread" & Breakfast eating with "a fork & knife"; "No Soil Eating" i.e. "Indian Food Eating" & "Eating of Soup/Cereal from bowl" and finally correctly eating of "Noodles" with "a fork & spoon".

Art & Craft - Teacher explained importance of Primary colors, shapes and line concept in art. Clay was used by students to discover and develop their creative and learning skills. They made beautiful birds on the mug and bird feeder from egg carton. Also, they were taught to do leaf printing, ear bud printing and hand printing to make beautiful leaves, flowers and aquarium. In best out of waste, teachers taught them how to convert waste egg carton into the bird feeder, clay molding on an old mug, beautiful pen holders from bangles and also how to make puppets from any carton. Children enjoyed a lot and did all craft activities with enthusiasm.

Dance - Dance sessions have always been full of energy and enthusiasm. The students were encouraged and taught to perform the basic steps on 'Banana Song'. And then, they learnt Bollywood dance steps on song ' chak dhoom dhoom' and used an umbrella as a prop.

Quiz, Rhyme Recitation & Science Experiment - To encourage handwashing among students, an experiment was conducted using water, black pepper and liquid hand wash, with help from parents. Another experiment on 'LEMON JUICE INVISIBLE INK' was conducted to show the oxidation of juice when it comes in contact with heat of the candle. Kids learned & enjoyed various rhymes like Clap your hands, listen to the music , Mera Ghar , Teddy bear , Bandar Mama , Butterfly Butterfly and 'This is the way we brush our teeth'. Also, various experiments like Rain cloud , Explore your senses , Paper cup phone , Walking water, were observed & conducted by the teachers. Kids thoroughly enjoyed all the sessions.

Free Hand Drawing - Children were made to draw different objects using basic geometrical shapes like sun with circle shape, ice -cream cone with triangle shape. They also got to learn making drawings through Numbers and made different pictures like boat and kite. Helping the kids to draw different emojis like Sad face ,happy face and sunglasses face was so delightful. Teachers also taught them how to draw Teddy Bear , House , Tulip flower with flower pot and Fish in easy steps. Children have been very excited and interactive throughout the sessions
