

HOLIDAYS WITH CREATIVE FUN AND FROLIC

Dear Parents

Warm Greetings!

Children have again proved themselves to be the winners as even during this unprecedented times of Covid -19 their learning has not stopped. The spread of this virus has given a new dimension to the teacher, student and parent partnership as online teaching has started and teachers are now teaching on real time basis. Children are being sensitized towards the importance of staying at home and how to keep themselves protected from this virus by taking simple measures. And now that we are heading towards their summer vacation here are some exciting activities for them.

Summer brings with it the ever smiling sun, scorching heat, ice-creams, shakes and lots of fun. Holidays are the time for parents to become teachers and friends. It provides you with an opportunity to spend your precious time with your ward and develop an everlasting bond. Every child is born with some inherent qualities which we as teachers/ parents are responsible to develop through varied activities. These activities include the all round development of the child under different categories like physical, cognitive, social and language development. In order to ensure the same we have framed the holidays activities in complete fun filled ways.

Here are a few tips for the parents to help you to act as facilitators to your child to balance his/her eagerness for pursuing creativity and self-expression with the development of responsibility during this vacation.

1. Read regularly to your child to inculcate reading habit. Use books with attractive illustrations and follow the basic rules of reading like using index finger to trace the words from left to right while reading with expressions, voice modulation, pauses etc. let them learn new words, to enhance their vocabulary.
2. Help you ward to memorize home address and phone numbers of their parents.
3. Encourage them to Speak in English.
4. Please assist your ward only when its needed. Let their creativity to get some expression in work, drawing and gestures.
5. Help your child to understand the importance of greeting each other and telling them to wish everyone.
6. Fun activity sheets will be uploaded on the school website (www.svis.org.in). You will be updated about it through UOLO notes.

Books can be our Best Friends

Reading time: Reading story books enhances language and vocabulary development. Make bed time reading a regular practice with your child (with pictures and large text). After reading stories ask questions like “Did you like the story?” “Who was your favourite character in the story?” etc.

Let’s gift the wonderful habit of reading to our little ones and set an example for them by reading together. Suggestive reading books for mothers and kids:
